Boat and Air Access Only

PITT RIVER LODGE

YEAR ROUND FISHING

If you are looking for a remote, wilderness river to fish then look no further. The Pitt River remains one of the premier catch and release streams in North America for its diversity of fish available. We offer year round fishing for salmon, trout, steelhead and sturgeon in a true wilderness environment, but remain a mountain away from Vancouver! Hard to believe but we are 45 minutes by boat from the city.

We specialize in guided raft trips, which present a unique opportunity for both the novice and the experienced anglers alike to drift the entire river to the best holes where you then fish from shore.

VANCOUVER, BRITISH COLUMBIA

THE PITT RIVER EXPERIENCE

Pitt River Lodge is located in BC's Pacific Coast Range Mountains in a lush coastal rainforest. Located beside the glacier fed river and surrounded by three parks, we are boat and air access only so there are no crowds, just untouched waters and you. With bear, elk, deer habitually roaming the valley bottom and bald eagles soaring overhead, we present a wonderful opportunity to view wildlife up close and personal.

ACCOMMODATION

Our beautiful post and beam farmhouse style lodge is full service and is the perfect place for your wilderness experience. Cozy cedar rooms, some with ensuite bathrooms, hardwood floors, games room with bar, and wrap around covered porch, all located seconds from the river ensures you won't miss a minute of fishing time. Dining is family style with delicious home-style cooking, sumptuous desserts, and homemade breads.

PACKAGES

A variety of packages are available so help us in designing the package that suits you and your group. All packages do include boat transportation return to Grant Narrows Regional Park on a prearranged schedule. Our location makes us the perfect place for meeting and incentive planning for small groups up to 25, email

us at the lodge and we will be happy to organize your event/fishing trip.
